

Join Minnesota Network of Hospice & Palliative Care...

You can make a difference in end-of-life care

Minnesota Network of Hospice & Palliative Care (MNHPC) has been providing Minnesotans and local hospice organizations with information, education, advocacy and assistance regarding compassionate end-of-life care since 1980. As a statewide membership organization of hospice and palliative care programs, MNHPC works to fulfill our mission of promoting quality of life in our communities through hospice & palliative care and advance care planning.
